Undergraduate tuition (in-state/out-of-state) shall freeze based on the tables above. The duration of the initial freeze rate depends on the qualified primary major/sequence carried within the individual's catalog year as of the last day of the last undergraduate semester attended within the four continuous calendar years after being classified as first enrolled.

If during a future semester, a student becomes classified as a graduate, the prevailing graduate rates and mandatory fees shall apply.

*\*Please note: Mandatory fees (effective Fall 2017), insurance, installment, etc., are not considered frozen fees.*

Upon the expiration of the initial and additional two-year freeze periods, the prevailing rates shall apply.
